

Modul Rack (S-MR) 19" 3U, 7HP for max. 12x Slot Modules

IN STOCK

Side module holder (S-CR) for use with 7HP insert modules in copper and FO. The plug-in modules are fastened to the module holder from the panel side using 2 screws. The plug-in modules can be completely pulled out of the module holder. A maximum of 2 x 7HP insert modules (12 ports) can be mounted in the module holder. The side module holder (S-CR) is affixed on the lateral cabinet perforation. This makes mounting simple and fast. Side-mounting of the cabinet makes it possible to perform cabling in space-saving manner while enhancing climate control and without impacting the air flow.

Mounting material and Keystone modules are not included!

Properties:

Material	Steel plate Nickel-plated and Heat-treated
Color	Gray, RAL 7035
Installation depth	190 mm
Keystone modules	For max. 12 Ports divided among 2 slot modules
Range of application	Limited cabinet space, high flexibility, individual extensions, e.g. in data centers
Packaging:	1 piece per box
